## MUCH ANXIETY FELT IN GOLDFIELD

Result of Appeal for Injunction  
Anxiously Awaited.

### UNION MINERS ARE DEFIANT

Leaders Maintain That If the Decree  
Is Granted They Will Fight It to the  
End—Effort Made to Retain Troops  
in Mining Camp.

Goldfield, Nev., Dec. 28.—Both sides of the labor controversy are anxiously awaiting word from Carson as to the result of the attempt of the mine owners to secure from the United States circuit court an injunction against the members of the Western Federation of Miners and the Goldfield Miners' union, prohibiting them from picketing the mines and compelling them to cease meeting or conducting the business of the union in Goldfield. The mine owners are hopeful of the success of the measure, while the leaders in the union are still maintaining that they will fight any such injunction, if granted, to the end.

The sheriff has sworn in about 150 more deputies who are to be ready for a call to duty at any minute after the departure of the troops.

### WANTS TROOPS TO REMAIN

Senator Newlands Confers With Sec-  
retary Taft.

Washington, Dec. 28.—Senator Newlands of Nevada is endeavoring to prevent a withdrawal of the government troops from Goldfield until some other means of protection is held. He called upon Secretary Taft at the war department and strongly urged that the execution of the order issued by the secretary for the withdrawal of the troops next Monday be suspended until he has had an opportunity to communicate with Governor Sparks and endeavor to induce him to call the Nevada legislature together. Secretary Taft has been advising with Secretary Root on this subject and it is probable that the president will be communicated with at Pine Knot. There is every disposition to refrain from breaking in upon his privacy at this time and the only excuse for doing so is found in the fact that unless the original order is modified, the troops must leave Goldfield next Monday morning and before the president returns to Washington. Administration officials feel that the present situation in the matter of Goldfield's case cannot be continued in view of the doubt that exists as to the constitutional and legal right of the executive to employ any part of the regular army in Nevada under present conditions. Governor Sparks' attention has been repeatedly called to the fact that this constitutional doubt might be removed by the simple device of calling together the state legislature, when that body could either give warrant to the use of the federal troops or provide by legislation for raising a state force of some kind, either militia or police, sufficient to insure the maintenance of peace and the observance of the law in Goldfield. It is believed that Senator Newland's appeal is an indication of the willingness of the governor to recall his refusal to convene the legislature in session, and if this belief is well founded the government troops would probably be retained at Goldfield until some other arrangement can be made.

### THREE PERSONS KILLED.

Eighteen Others Injured in a Wreck  
in New Jersey.

Camden, N. J., Dec. 28.—Three persons were killed and eighteen injured in a collision on the elevated tracks of the Pennsylvania railroad just outside the station here when a Pemberton accommodation train ran into the rear of an Atlantic City express. A heavy fog was the principal contributory cause of the accident. The dead are C. P. Sontjen, Stanwick, N. J.; H. J. Glaribini, Mount Holly, N. J.; and T. L. Webster, Merchantville, N. J.

### Four Men Badly Injured.

Pompton, N. J., Dec. 28.—Emil Blomano of Brooklyn, N. Y., was probably fatally injured and three other men were seriously hurt by an explosion in the mixing room of the Nevernice Powder company at Riverdale. The cause of the explosion is not known. This was the second explosion at the Nevernice plant in two weeks.

### Accidentally Kills His Nephew.

Aiken, S. C., Dec. 28.—While hunting near Aiken, B. F. Tyler accidentally shot the top of his young nephew's head off, causing instant death. The dead boy was the son of C. A. Humphrey of Atlanta. Tyler afterward tried to kill himself.

## EMPRESS IS ALARMED

Orders Suppression of Public  
Meetings in Peking.

### AGITATION GROWS IN CHINA

Government Receiving Telegrams Dem-  
anding That Rights Which Have  
Been Alienated From Them by For-  
eigners Be Restored to Chinese.

Peking, Dec. 28.—The dowager empress has given verbal orders to the interior department and to the police to suppress all public meetings in Peking, and there is reason to believe that this order will be extended to the provinces.

The popular agitation along the lines of "rights recovery" is growing in a phenomenal manner. The question of provincial, as against federal, sovereignty enters largely into the matter. Women's societies, schools for boys and girls, the family newspapers and the political press all are participating in the agitation, and for a month past the government here has been receiving telegrams in increasing numbers expressing the strong desire of the senders that the rights, which have been alienated from them by foreigners, be restored to the Chinese. The movement has reached such magnitude that the government is thoroughly alarmed, and it is striving to fill a conciliatory position between the revolutionary agitators and those who consider themselves to be aggrieved.

The people of Chekiang province have sent some delegates here to protect their interests. These delegates the foreign board has taken into its confidence, opening its archives to them, and asking them to make a careful examination of the position of the Chinese government with regard to Great Britain and then to recommend a solution of the difficulty. The reception accorded these civilian delegates by the government, and the admission of representatives of provincial councils into state affairs at Peking, is without precedent and is believed to constitute what can be called the thin edge of the wedge which is to give constitutional rights.

### NEGRO KILLED BY A POSSE

Slayer of a Georgia Town Marshal Is  
Shot Dead.

Midville, Ga., Dec. 28.—John Major, the negro who recently shot and killed J. W. Brinson, town marshal at this place, was shot to death by a posse. Major was found in a house about three miles from Midville and a party of white citizens set out to capture the negro. During the attempt a shot fired from the house by Major struck Williams, the present town marshal inflicting a slight wound in the hand.

The house in which Major had taken refuge was set on fire and the moment he appeared he was shot and killed.

Nearly every man on the street is carrying a shotgun or rifle, but it is hoped there will be no further trouble. Practically not a negro is to be seen and everything is quiet.

### INDIANS INVADE UTAH.

Colorado Utes Raiding Sheep and Cat-  
tle Ranches.

Salt Lake City, Dec. 28.—Colorado Ute Indians are traveling in bands in Southern Utah, raiding sheep and cattle ranches, according to a report received by Governor John C. Cutter. According to this report a small band of Indians attacked three cowboys near Verdure, San Juan county, and at the point of rifles compelled them to drive their cattle back into the canyon from which they were trailing on to the winter range, threatening to kill them unless they did so.

Governor Cutter will take up the matter with the authorities at Washington, as, according to a ruling of the commissioner of Indian affairs, the Colorado and Southern Utes are forbidden to enter Utah.

### ORAL TESTIMONY ALL IN.

Nothing Left But Reading of Records  
in Powers Trial.

Georgetown, Ky., Dec. 28.—All the oral testimony from both sides in the Caleb Powers trial is in. There is nothing left but the reading of a portion of the records of the previous trials of Caleb Powers, Berry Howard, James Howard and Henry Yontsey for the purpose of offering contradictions or witnesses who have testified in the recent trial. It is anticipated that this soon will be completed and the court then will begin the preparation of his instructions to the jury. The defense will have four speeches, one each from Attorney S. M. Wilson, William Smith, W. C. Owens and Judge J. C. Dims. The prosecution will have three speeches by Attorneys Victor Bradley, Judge Benjamin Williams, with the closing argument by Commonwealth's Attorney R. B. Franklin. Nine hours will be allowed each side for argument.

## Fine Mink Neck Pieces

### At Low Prices to Close

We have several very fine mink neck pieces which we purchased to make our fur display a large and a well assorted one rather than for profit. The time is now here when we wish to dispose of them and they will be sold at astonishing reductions if sold before January 1st. These were offered at \$50.00, \$40.00, \$27.50 and \$25.00. We prefer to make our sale prices when you have seen the goods. Come in and let us show you how anxious we are to dispose of these pieces.

**H. F. MICHAEL CO.**

## TRAINS IN COLLISION

Five Persons Killed in Wreck  
Near Lenox, Mich.

### OCCURRED IN A DENSE FOG

Passenger Train Crashes Into a Dou-  
ble Header Freight While Traveling  
at a High Rate of Speed—Only One  
Person Injured.

Detroit, Dec. 28.—Speeding through a dense fog at the rate of forty miles an hour, Grand Trunk passenger train No. 5, which left Port Huron en route for this city, collided head-on with a double-header freight train, half a mile north of Lenox, Mich. Five trainmen met death, four being killed instantly, the fifth dying three hours later. All the passengers escaped injury, except a baby, who was only slightly hurt by being thrown out of its mother's arms and over a seat when the trains crashed. The dead are:

James Bennett, passenger, Detroit; August Bosowski, freight engineer, Detroit; George Boughner, freight fireman, Detroit; Willard G. Tyler, freight switchman, Detroit; Albert McCall, passenger fireman, Port Huron, Mich.

The passenger locomotive plowed under the engines of the double-header and the trainmen were buried in the wreckage. Their bodies were terribly mangled and were also scalded by the escaping steam.

Engineer Fred Haug and Fireman Washburn of the second freight engine escaped death. Haug was caught in his cab, but was taken out unhurt. Washburn jumped and was only slightly injured.

The freight train had switched from the main track to a siding to allow the passenger to pass. It is unofficially charged that the switch was not properly closed and on account of the heavy fog which prevailed the passenger crew could not see that the target was set against them.

### ENDS HIS LIFE IN A CELL

Convicted Iowa Murderer Commits  
Suicide.

Des Moines, Ia., Dec. 28.—J. C. Cain, convicted of the murder of Charles Morris after a trial in which he claimed accidental shooting as a defense, cut his throat with a razor in the county jail just before he was to leave for the penitentiary on a life sentence.

Death was not instantaneous. The frenzied man with his own hands tore open the gaping wound, thus completing the act of suicide. One of the turnkeys, hearing moans from Cain's cell, rushed in and found the prisoner lying upon the floor in a pool of blood, the razor still grasped tightly in his hand.

He leaves a wife and children. Where the razor was obtained is a mystery.

When sentenced Cain made an impassionate plea, and said that Judge Brenna erred in refusing him a change of venue to another county, because, he said, Rev. Frank Hodgdon of Plymouth church created a sentiment against him in a sermon he preached on the shooting of Morris, a member of his church.

### WHOLE FAMILY WIPED OUT

Five Persons Perish in a Fire at a  
Suburb of Boston.

Boston, Dec. 28.—Five persons were burned to death in a fire which destroyed the house of John Clark at Watertown, a suburb. Every member

of the Clark family met death in the flames. The dead are John Clark, his wife and their three children. The flames had made great headway when first discovered by a neighbor. The house was about two miles from the center of the town and by the time the firemen reached the scene the house had been burned almost to the ground. The firemen were able to reach the bodies of the father and the two boys, but the mother and little girl were not found until the ruins of the house had cooled sufficiently to permit a more thorough search.

### Costly Fire in Oklahoma.

Muskogee, Okla., Dec. 28.—Fire destroyed the three-story building and the stock of the Whitlow-Williams Wholesale Drug company. Loss, \$180,000.

### Captain Kulp to Be Reprimanded.

Des Moines, Ia., Dec. 28.—The court-martial trying Captain Kulp of Company B, Forty-fourth regiment, for alleged failure to stop a prize fight upon the orders of Adjutant General Thrift, on the night of Nov. 21, returned a verdict holding that Captain Kulp, while he may not have intentionally disobeyed the orders of Adjutant General Thrift, he did so, and the court recommended that he be reprimanded.

### Two More Bodies Recovered.

Fairmont, W. Va., Dec. 28.—Two more bodies have been recovered from the Monongah mines, making the total recovered 351. The death list probably totals 400, and it is practically certain that a number of the bodies will never be found.

"Baldy" Murphy is expected home from Arizona on every train. He was suffering with appendicitis when last heard from and expected to leave for Brainerd in a short time.

For fire insurance, city and farm property, apply at the T. C. Blewitt agency—none but reliable stock companies represented. tu-fri

The First National Bank is distributing its annual souvenir calendars this week. They are beauties. Their office calendar is a large reproduction of the painting "Beauty Triumphant," by B. E. Ward. Their house calendars are a handsome embossed portrayal of "Our Matinee Girl." They are very delicate in tint and set on a white ground bordered by a black mat are very effective.

Druggist Skauge on Laurel street, says that a painful, persistent cough, portends serious results if allowed to continue unchecked. Constant hacking tears the lungs and exposes the delicate inflamed tissues to ravaging consumption. The most obstinate cough is readily relieved by Skauge's Never Cough. No other remedy clears the lungs like that does. Fully guaranteed at Skauge's Drug store.

C. N. Parker returned from Michigan Tuesday night and has been confined at his home nursing a bad cold for the past two days. Mr. Parker says that conditions in Mt. Clemens are in a very prosperous condition and that during the recent financial flurry the four large savings banks there did not take advantage of the customary thirty days notice. During July and August the business there was the largest ever known in the history of the city and at the present time there are several large buildings being erected, including boarding houses and hotels, owing to the crowded condition of things.

#### CHEERFULNESS

In these days we hear a great deal about cheerful givers—cheerful losers and cheerful liars. We are cheerful receivers of orders for coal—the same cheerful courtesy to everybody.

The Fisher-Budd Fuel Co.

#### A NEST HARD TO FIND.

Remarkable and Artistic Home of the Humming Bird.

The home of the humming bird is one of the most remarkable and artistic creations of all bird architecture. It is a tiny, delicate cup, made of the softest plant down, saddled upon some rather slender branch so deftly that it seems a part thereof. The saliva of the birds is used to compact and secure the material and likewise to coat the exterior with the gray green lichens so generally found upon trees. This makes it so assimilate with the surroundings that it is a very difficult object to discover. And thereby hangs a tale. A gentleman had told me that if I would call upon him he would show me an occupied nest of a humming bird in his orchard. When I came, he was out of town, but I thought I would see if I could not find the nest myself. So I made inspection from tree to tree, and presently the female hummer began to fly about me anxiously. We played a game of hot and cold until it became evident that the nest must be in a certain low apple tree which had many dead, lichen covered branches. Some of these came down nearly to the ground, and for quite awhile I stood by the tree, running my eyes along each branch in order, trying to make out the nest, while the female kept darting frantically at my head. It must have been nearly a quarter of an hour before I discovered that I was standing almost touching the nest with my hands, having been looking right over it all the time. It contained two fresh eggs, this being in the early part of June. The branch upon which it was built was completely overgrown with lichens, and the nest, being covered with them, too, was wonderfully disguised, though there were no leaves to hide it.—From "Experiences With Humming Birds," by H. K. Job, in Outing Magazine.

#### RAILWAY POSITIONS

GUARANTEED—We want 200 able-bodied young men to take a short course of instruction in Telegraphy and Railroading at our school and for whom we will secure positions at telegraph operators and agents as soon as course is completed. Easy to learn. Good salary. Write for free Catalog. THOMPSON'S RAILWAY COLLEGE, Minneapolis, Minn.

#### MARRIAGE ON COTTON BALE.

Plantation Hands Raised It and Used It as Altar For Double Wedding.

When Robert Robinson fell in love with Tebbie Bell the two of them were picking cotton near Summerfield, a little country town not far from Selma, Ala., says a special dispatch to the New York Times. Robert's close friend was Perry Braxton, and Perry's eyes looked with fondness on the charcoal complexioned Florence Norris. The friends fell deeply in love at the same time, but cotton picking was not doing very much financially by them, and they looked about for a means of gaining their plantation sweethearts and paying the preacher.

The two went in on a proposition of raising just enough cotton of their own to provide them a start in married life, and in off times they worked sundry bare strips of land and cared for their little patches of the plant.

The first bale of cotton the field hand lovers picked from their own plants was ready to bring to market the other day, and Robert and Perry, grinning from ear to ear, followed by Tebbie and Florence, blushing furiously, but invisibly, arrived in Selma.

I. Yaretsky, a cotton factor in Water street, bought their big bale and offered them the money. The two negro couples lingered in the cotton factor's office until Yaretsky's curiosity was aroused, and he asked them what was the matter.

"Hyar's de Bible, mistuh," said Robert at last, "an' hyar's de ring fo' Tebbie's finguh."

"An' hyar's de ring fo' Flo'nce's finguh, mistuh," added Perry.

Yaretsky called up a minister on the telephone, and in a few minutes this double romance of the cotton fields was being rounded off. The four had waited eagerly for the production and sale of that bale of cotton, and it had some sentimental value to them. So they stood on the bale as the wedding ceremony was performed, the minister standing on a chair.

"Is yo' gwine honuh an' obey dis nigguh, Tebbie?" asked the minister, peering through his silver rimmed octagonal spectacles.

"Suttinly. Ahn't be muh ma-a-an?" retorted Tebbie.

"All right," announced the parson. "Tek him, an' see dat he treats yo' right, gal."

"Miss Norris," began the parson, turning to the other bride, "yo' loves dis gen'man?"

"Yassinr," simpered Florence.

"Den let not man dissunder what Gawd A'mighty has j'ined on dis cotton bale."

Selma never before had a bale of cotton used for an altar or a wedding as interesting.

#### MINE EXPLOSION TESTS.

Government Plans Experiments So as to Minimize Danger.

A miniature coal mine in which explosions will take place for the purpose of observing what causes mine horrors and the best methods of preventing them and of extending relief when they do happen is to be established in Pittsburg by the technologic branch of the United States geological survey. A site for the plant or "school" is now being selected by J. A. Holmes, chief of the technologic branch, says the New York Tribune.

The most important part of the miniature mine will be a cylinder 100 feet long and six feet in diameter, made of armor plate, in which the experiments with explosives will be conducted. The cylinder will be filled with the various things which cause mine explosions—fire damp and air, coal dust and air, black damp and air, gases of various kinds, etc. Into these combinations a mortar will hurl the various things which cause the explosions, such as dynamite, powder, naked lamps, etc.

On the top of the cylinder there will be a large number of safety valves, which will be left open, so that the explosions shall not wreck the cylinder, the valves carrying away the greater part of the force of the explosion. An observation house will be located sixty feet from the cylinder, and from that point those making the explosions can witness the results.

The miniature mine proper will be fitted up exactly as a coal mine, with the various leads and workings. Experiments will be made in the mine with the various gases, with a view to ascertaining how long the miners can live in them and the best means of sustaining life if they are caught. Experiments will also be made with various kinds of headress, such as are worn by miners in many parts of Europe, which rescue parties shall wear when they go into mines known to be filled with deadly fumes.

Action on this plan was hastened because of the reference to mine disasters made by President Roosevelt in his message and by the two recent mine horrors, which blotted out more than 400 lives. Mr. Holmes has made a list of the mine horrors of West Virginia alone for 1906 and 1907. He finds that in that time 697 miners lost their lives.

#### Boy Who Hears Without Ears.

John Hetzel, a ten-year-old boy sent from Jersey City to the New Jersey State Home For Deaf Mutes at Trenton, N. J., has astonished the physicians who have examined him, says a Trenton special dispatch to the New York Times. The boy has no ears, only lobes about the size of gold dollars, with no openings. But he hears what is said to him and understands. The boy keeps his mouth open, and it is thought that he hears through it, but this has not been determined. Anyway, the little fellow hears as well as other people. He is also learning to speak fairly well.

## MANUFACTURING PROSPECTS GOOD

In all Lines the Leading Manufacturers Predict Big Business for 1908

### ONLY A TEMPORARY LET UP

Letters to American Industries Show that Manufacturers are Optimistic

A copy of American Industries, the organ of the American Manufacturers Association, for December 16 is at hand. A large portion of the paper is devoted to the publication of replies from the manufacturers of the country representing nearly every branch of manufacturing. Without a single exception they breathe a belief that the prosperity of the country will be even greater in 1908 than it was in 1907. They almost unanimously declare that stocks are very low or that factories are behind in their orders and that there is no possible reason in sight why the activity of the past few years shall not be continued. The editor of the periodical states that the number of letters, all of the same general tone, is so great that it will be necessary to complete the publication of them in the issue of January first.

Over 350 letters were published in the one issue, representing every branch of manufacturing almost, and the unanimity of opinion was remarkable.

#### Here's Good Advice

O. S. Woolver, one of the best known merchants of LeRayville, N. X., says: "If you are ever troubled with piles, apply Bucklen's Arnica Salve. It cured me of them for good 20 years ago." Guaranteed for sores, wounds, burns or abrasions, 25c at H. P. Dunn's drug store.

#### ENTERTAIN YOUNG PEOPLE

Elaborate Social Function to be Given at Elk's Hall on Monday Evening

Elk's hall will be the scene of a very enjoyable social affair Monday evening. The hosts and hostesses will be Dr. and Mrs. Werner Hemstead, Dr. and Mrs. J. A. Thabes, Mr. and Mrs. Geo. D. LaBar, Mr. and Mrs. R. J. Hartley, Mr. and Mrs. E. O. Webb, Mr. and Mrs. C. L. Burnett, Mr. and Mrs. Chas. Hoffman and Mr. and Mrs. W. A. Spencer. The entertainment will be practically in honor of the four young people's clubs, the Bachelor Maids, The U O 2 B In It's, the Black Hawks and the Bohemians. In addition to the members of these clubs a number of other young people of the city will be guests.

#### A Dangerous Deadlock

That sometimes terminates fatally, is the stoppage of liver and bowel functions. To quickly end this condition without disagreeable sensation, Dr. King's New Life Pills should always be your remedy. Guaranteed absolutely satisfactory in every case or money back, at H. P. Dunn's drug store. 25c.

#### FOR MOCK TRIAL

Arrangements Being Made for Lots of Fun at Y. M. C. A. Reception New Years Evening

There will be fun in plenty at the Y. M. C. A. reception New Years evening if the arrangements now under way are carried to completion, and they will be. A mock trial will be the center attraction. Lyman P. White has complained that Dick Herbert attempted to rob him of his Christmas dinner. The cause will be tried before Judge Fred Swanson. Charles Fox Davis will be prosecuting attorney, while Alfred Mraz will conduct the defense.

## ENTERTAINED FRIENDS

Bay of Brainerd Young Ladies Entertained Their Friends on Friday Evening

Misses Geraldine Fleming, Hildagard Snyder, Winnie Wright, Juel O'Brien, Anne Mahlum and Bessie Wieland entertained about 150 of their friends at a dancing party at Elk's hall Friday evening. The hall was beautifully decorated with evergreens and holly, many pennants being in evidence. Cozy corners also abounded and were beautifully designed. The evening was very enjoyably spent in tripping the light fantastic to the delightful music of Graham's orchestra, and light refreshments were served throughout the evening. The members of the University of Minnesota Mandolin and Glee clubs were among the guests of the evening.

#### MAY BE ADJUSTED

Prospects Seem Bright That Boiler-makers Will be at Work in Very Near Future

While neither the union boiler-makers or their helpers or the railroad company will give out any direct information, yet on both sides there seems to be a feeling that the end of the struggle is about here and that it is extremely probable that the men will be back at work the first of the year or very soon thereafter. No details are being given out on either side as to the basis of probable settlement.

#### Shooting From Automobiles.

Shooting from an automobile is likely to become popular as a result of the success attending an experiment by Mrs. J. Prentice Kellogg and Mrs. O. H. Gruner in Lakewood, N. J. Both women the other day shot pheasants from the tonneau of a big car, while their husbands tramped afoot, says the New York Press. Of course where ever the timber stands close the automobile is out of the question, but in woods of the open nature of those surrounding Lakewood an expert chauffeur finds little difficulty in steering even the largest machines. Mrs. Kellogg and Mrs. Gruner alike were enthusiastic over the automobile as a shooting platform, and another advantage was found in the car offering easy transport to the game killed. Mrs. Kellogg is almost as expert a shot as her husband. She handles a beautifully chased sixteen gauge gun, while Mrs. Gruner shoulders a heavier twelve gauge.

#### MUSIC AND DRAMA

##### Minnesota Boys Made Good

The University of Minnesota Mandolin and Glee clubs which appeared at the opera house Friday evening, made a decided hit. The opera house was rather cool but the audience warmed and up under the influence of the mirth melody and applauded every number. To nearly every number the college boys responded and each encore drew even more applause than the original number. The Mandolin club is a musical organization which would rank very high in professional circles and discourses most delightful music. The Glee club is composed of a goodly number of young men who have excellent voices and know how to use them. The baritone soloist, Mr. Allen, possesses a most remarkably sweet and clear voice. His enunciation is perfect, not a syllable of the song being lost to the hearer. He was recalled two or three times at each appearance. The student room scene which constituted the third part of the program was certainly an original conception and well carried out. The student who acted the "Freshie" has abilities as a comedian which certainly rank high. The "stunts" were all good and many of them amusing.

## LUMBERJACK

### SUICIDED

Unknown Man Crawled Under Coach at Kelliher and Laid His Head on the Rail

ANOTHER HURT AT BLACKDUCK Tried to Board No. 30 at Blackduck Friday Night and Fell Under Wheels

Last night was a bad night for lumberjacks on the Minnesota & International railroad. One named Jefferies attempted to board the north bound passenger at Blackduck while drunk and fell under the wheels. His feet were badly mangled and he will probably be obliged to undergo amputation.

An unknown lumberjack crawled under the coach at Funkley this morning and evidently laid his head on the rail, deliberately committing suicide. It was dark at the time and none of the train crew saw him, but after the train started he was found with his head severed from his body. A passenger had seen him crawl under there, but supposed it was a train man fixing the air line or something and paid no further attention to him.

#### A Real Wonderland

South Dakota, with its rich silver mines, bonanza farms, wide ranges and strange natural formations, is a veritable wonderland. At Mound City, in the home of Mrs. E. D. Clapp, a wonderful case of healing has lately occurred. Her son seemed near death with lung and throat trouble. "Exhausting coughing spells occurred every five minutes," writes Mrs. Clapp, "when I began giving Dr. King's New Discovery, the great medicine, that saved his life and completely cured him." Guaranteed for coughs and colds, throat and lung troubles, by H. P. Dunn, druggist. 50c and \$1.00. Trial bottle free.

#### FARM, HOME AND GARDEN

##### MANY CARS BUILT

Chicago, Dec. 27.—Railroads of this country and Canada have spent approximately half a billion dollars for rolling stock this year. This covers only the cost of products of car building concerns and does not include cars and locomotives constructed in the railroad shops.

According to the Railroad Gazette the effect of the financial slump will be felt by car builders next year. Orders for new equipment to be delivered during 1908 have fallen off greatly.

The total number of cars built in the United States and Canada this year is 239,645, against 243,670 in 1906. Of those built this year, 284,188 were freight cars and 5,457 passenger coaches. The output of locomotives was 7,362 against 6,952 in 1906. Freight cars cost an average of \$1,100, an increase of \$100; passenger cars, \$8,500, an increase of \$500; locomotives, \$16,000, an increase of from \$500 to \$1,000. Taking these figures as a basis, the total expenditure for rolling stock was \$477,000,000, an increase of 25 per cent over last year.

The mileage added this year was 5,220, against 5,623 in 1906.

Only 349 miles of road went into the hands of receivers this year against 657 in 1906, and only six roads, with a total mileage of 175 were sold under foreclosure.

##### IN GOOD CONDITION

Duluth Herald:—Thanks to the good weather conditions that have prevailed thus far this winter, the roadbeds of several railroads entering Duluth are probably in better shape to stand the winter traffic than they have been for many years past.

Practically all the extra gangs have now been done away with, except in actual construction work, and the section crews have been reduced to the usual winter size. As there is very little work to be done along the tracks in cold weather, the companies make it a practice to cut down the number of men employed in the section gangs as soon as the roadbeds have been put in condition to stand the wear and tear of winter. Two or three men in winter take the place of ten or twelve in summer.

The Wisconsin Central is just now employing more common labor than any of the other lines in its construction work. Every piece of right of way along the entire Duluth extension that has not already been completed has a crew of men at work on it. There are only a few odd pieces that have not been finished up, and it will only be about a month now before the laying of rails into Superior will be completed. The bridge work is almost finished.

#### How's This

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him.

WARDING, KINNAN & MARVIN, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75c per bottle. Sold by all druggists. Take Hall's Family Pills for constipation.

## SCRATCHING FOR SAFETY.

An Instance of Finding Fun in the Midst of Disaster.

The laugh often comes in the very face of danger. Privations and perils cannot check the response to the comical. An instance of finding fun in the midst of disaster is told by Captain T. C. Morton in the "Southern Historical Papers." The Confederate picket line was stationed on a sandy bottom near a creek.

John Ford, one of the men on duty, was very plucky. He was seated near an uprooted tree and could be plainly seen by all his company. Suddenly a large mortar shell fell, unexploded, in the sand about four feet from him, the fuse smoking and sputtering.

John took in the situation at a glance. He argued to himself that the shell would burst before he could get up and run away, so that the safest thing he could do would be to get into the ground as fast as possible. With the utmost rapidity he began to work down into the sand with hands, feet and head. The men watched the proceedings, shouting:

"Scratch, John, scratch! She's going off!"

It was an exciting spectacle. Never was a man more in earnest. The sand all about was in commotion, and in the few seconds the fizzing fuse gave him John burrowed like a great gopher till nothing but the hump of his back was visible as the loose sand settled above him.

The explosion came with a tremendous jar, which shook the ground and sent hundreds of pieces of iron singing through the air. Every one held his breath, expecting to see poor John blown into atoms. When the smoke and dust blew away, it was seen that Ford's head was still on his shoulders. He looked cautiously up and, seeing all was right, sang out a hearty "Who-ee!" as cheerily as if he had freed a coon instead of having been face to face with death. A cheer and a laugh ran all along the line.

#### INGENIOUS CIPHER.

The Letter That Brought Freedom to Sir John Trevanion.

During the great rebellion Sir John Trevanion, a distinguished cavalier, was made prisoner and locked up in Colchester castle. Sir Charles Lucas and Sir George Lisle had just been made examples of as a warning to "malignants," and Trevanion had every reason to expect a similar end. As he awaited his doom he was startled by the entrance of the jailer, who handed him a letter.

"May't do thee good," growled the fellow. "It has been well looked to before it was permitted to come to you."

Sir John took the letter, and the jailer left him his lamp by which to read it.

Worthless Sir John.—Hope, that is ye best comfort of ye afflicted, cannot much, I fear me, help you now. That I would say to you, is this only: if ever I may be able to requite that I do owe you, stand not upon asking me. 'Tis not much I can do, but what I can do, be thou verily sure I will. I know that, if de the comes, if ordinary men fear it, it frights not you, accounting it for a high honour, to have such a reward of your loyalty. Pray yet that you may be spared this see bitter cup. We pray that you may be. I fear not that you will grudge any sufferings. Only if the submission you can turn them away, 'tis the part of a wise man. Tell me, an if you can, to do for you any thing that you would have done. The general goes back on Wednesday. Resting your servant to command.—R. T.

Now, this letter was written according to a preconcerted cipher. Every third letter after a stop was to tell. In this way Sir John made out, "Panel at east end of chapel slides." On the following evening the prisoner begged to be allowed to pass an hour of private devotion in the chapel. By means of a bribe this was accomplished. Before the hour had expired the chapel was empty. The bird had flown.—London Tit-Bits.

#### A Quick Retort.

Tennessee bred two great orators in the olden days—Andrew Johnson, a Democrat, once president of the United States, and Gustavus A. Henry, a Whig, known as the "Eagle Orator of the South." They ran against each other for governor, and when a long series of joint debates had reached its close Johnson addressed the Whigs in the audience, "I have spoken with the boasted eagle orator from the Mississippi river to the Unaka mountains, and as yet I see no flesh in his talons nor blood on his beak." Quick as a flash Henry was on his feet, saying, "The American eagle is a proud bird and feeds not on carrion."

#### Birds' Muscular Power.

Birds are possessed of enormous muscular power, far exceeding in some cases that of any other warm blooded creature. There is an instance on record of an eagle weighing no more than fourteen pounds lifting and carrying off a young pig which weighed no less than forty-two pounds. How many men could even stagger along the ground carrying three times their own weight in their hands? The kick of an ostrich is a fearsome thing. It will break a man's thigh or even the leg of a horse.—Exchange.

#### When on Tour.

Papa—Ah, my boy, the old days were the best! Then we did our courting, walking in the country lanes, gathering buttercups and daisies.

Son—Why, pop! We go courting in the country lanes just the same today, only instead of walking we go in autos and instead of gathering daisies we gather momentum.—Town and Country.

#### Not His Say.

Beggs—What do you say to your wife when you come home late at night? Jaggs—Foolish man! What makes you think I get a chance to talk?

## Doctors

Ayer's Cherry Pectoral is a doctor's medicine. Doctors prescribe it, endorse it. Use it or not, as your doctor says.

You could not please us better than to ask your doctor about Ayer's Cherry Pectoral for coughs, colds, croup, bronchitis. Thousands of families always keep it in the house. The approval of their physician and the experience of many years have given them great confidence in this cough medicine.

J. C. Ayer & Co., Lowell, Mass.

Program for Thursday, Friday and Saturday COMEDY, TRAGEDY AND FARCE

SONG-ILLUSTRATED "When the Winter Days are Over" by Edward Currey,

#### SOLO

by Edward Currey

1. Satan at Play
2. Save the Pieces

3. A Christmas Adoption, (Film 1000 feet long)

First Performance—7:30, 8:15, 9:00 and 9:45 p. m. Admission 10c Children 5c.

#### Where to Worship

Parties interested will please bear in mind that notices must be in The DISPATCH office by 5:30 p. m. Friday evening to insure insertion Saturday. This is necessary to permit copy to be ready for printer Saturday morning.

St. Francis' Catholic church: Service will be held at 8:30 a. m. and 10:30 a. m. Sunday school at 2 o'clock p. m., vespers and benediction 8 o'clock p. m., mass on week days 7:30 a. m., except on Tuesdays and Saturdays, when mass is at St. Joseph's hospital. Rev. J. J. O'Mahoney, pastor.

Swedish Lutheran church: Morning service at 10:30; Sunday school at 12 a. m. Evening services 7:45 p. m. Rev. J. E. Oslund, pastor.

Christian Scientists: Services every Sunday at 10:45 a. m., in the Caledonia, 620 1/2 Front street. No evening services. All are welcome. Sunday school at 11:45 a. m.

Swedish Mission church, Cor. Maple and Ninth street south: Morning service at 10:45 a. m.; evening service at 7:45 p. m., Sunday school noon. Midweek service on Thursday evening at 8 p. m. Rev. C. V. S. Engstrom, pastor.

Norwegian Lutheran church, 7th St. south, between Laurel and Maple streets: Services at 10:30 in the morning and at 7:30 in the evening. Sunday school at 12 m. Sunday school in both the Norwegian and English languages.

First Baptist church: Morning service at 10:30; Sunday school at 12:00 m. Junior society at 3 p. m. Young Peoples' society at 6:30 p. m. Evening service 7:30.

First Congregational church, corner Juniper and Fifth streets: Public worship at 10:30 a. m., and 7:30 p. m. Sunday school 12. Young Peoples' Society at 6:30 p. m. Prayer meeting and bible study Thursday, 8:00 p. m. Rev. G. E. Moorehouse, pastor.

The pastor will preach sermons on Sunday on themes suggestive and helpful for the New Year. All strangers and visitors in the city will find a welcome at these services. Morning subject, "Present Needs." Evening subject, "A New Way."

People's Congregational church: Preaching 10:30 a. m., Sunday school 12 o'clock, noon. Y. P. S. C. E. at 6:30 p. m. Evening service at 7:30 p. m. Tuesdays at 8 p. m., the normal class meets with the pastor. Thursday evening—Junior Endeavor 4:30 o'clock, Prayer meeting 7:30 o'clock. Everybody cordially invited. Rev. J. E. Berry, pastor.

Regular services tomorrow. At the evening service the pastor will preach his farewell sermon.

Evangelical church: Sunday school at 10 a. m., morning service at 11 a. m., Y. P. A. at 6:45 p. m. Evening service 7:45. A cordial invitation is extended to all. Strangers especially welcome. H. A. Seder, pastor.

First Methodist Episcopal church, corner of Juniper and Sixth streets. Morning service at 10:30, Sunday school at 12. Epworth League 6:45 p. m. Evening service at 7:45 o'clock. Rev. Charles Fox Davis, pastor.

At the morning service "God's Lend A Hand Club," will be the theme. Solo by the pastor.

"The Garden of Eden—A Fact or Fiction?" Solo by the pastor. A hearty reception awaits all non churchgoers.

Swedish M. E. church: Kindred St. N. E. Services every Sunday at 10:45. Sunday school at noon every Sunday. Rev. Oscar Grefberg, pastor.

Swedish Baptist church: Morning service at 10:30, Sunday school at noon. Young Peoples' Society meeting 5:00, evening service 7:30. Rev. O. S. Jacobson, pastor. Everybody invited.

Presbyterian church: Morning services at 10:30. Sunday school at 11:50. Junior at 3 p. m. Christian Endeavor at 6:30. Evening service at 7:30 o'clock. Prayer meeting Thursday evening at 8:00. All are always welcome. Rev. J. F. McLeod, pastor.

## GLOBE HOTEL Bowling Alley

Morning: Communion service and reception of members. Evening subject, "Under the Surgeon's Knife." Miss White and Miss Long will sing at both services.

Norwegian-Danish Lutheran church, near corner 10th and E. Oak streets: Morning services at 10:0. Sunday school at 9:30. Rev. C. Hougstad, pastor.

There will be no preaching services until further notice because of the illness of the pastor.

St. Paul's Episcopal church. Holy communion 8:30 a. m., except first Sunday in each month. Then 10:30 a. m. Morning prayer, litany and sermon at 10:30 a. m., Sunday School at noon. Evening prayer and sermon 7:30 p. m.

#### Badly Mixed Up

Abraham Brown, of Wintertown, N. Y., had a very remarkable experience, he says: "Doctors got badly mixed up over me; one said heart disease, two called it kidney trouble, the fourth, blood poison, and the fifth, stomach and liver trouble, but none of them helped me, so my wife advised trying Electric Bitters, which are restoring me to perfect health. One bottle did me more good than all the five doctors prescribed." Guaranteed for blood poison, weakness and all stomach, liver and kidney complaints by H. P. Dunn, druggist. 50c. mwf

## PISO'S CURE

Hacking Coughs

Clear the lungs and expose them to the terrible ravages of consumption. Don't wait until your cough has become a menace to your health and life. Use Piso's Cure and obtain the prompt relief it has given millions of sufferers from coughs and colds during half a century's use.

All druggists, 25 cents.

FOR COUGHS AND COLDS

Slipp-Gruenhagen Co.

217-219 Seventh Street South.

WE WISH TO THANK OUR CUSTOMERS AND FRIENDS for the very liberal patronage we have enjoyed during the past year and especially during the Holiday Season. We have a few left-over Holiday Goods that we will close at from 15 to 25 per cent off, all useful articles. Our selling price marks will not be changed but discount will be allowed when purchase is made.

Health—Economy

# Calumet Baking Powder

Best by Test

Noted Pedestrian Ill.

Johnstown, Pa., Dec. 28.—Although John Walsh has been a patient since Monday at the Johnstown city hospital, it has just become known that he is the John Walsh who started from San Francisco to walk to New York. He is suffering from pneumonia. He is expected to recover.

Woman Dies of Her Wound.

Wilkesbarre, Pa., Dec. 28.—Mrs. Isaac Jenkins of Duryea died at her home from a bullet wound which she received when she was accidentally shot by her husband. Jenkins was shooting at a target with a rifle which he had received as a Christmas present.

Rosewater is excellent as a bath to refresh tired or inflamed eyes, as it cools the lids and encourages the growth of the lashes.

# DR. REA

SPECIALIST

Ear, Nose, Throat, Lungs, Diseases of Men, Diseases of Women, Chronic Diseases.

Consultation in German, French and English

Next Regular Professional Visit to Inlander at Fausfeld Hotel

Wednesday, Jan. 8th

From 9 a. m. until 2 p. m.

Dr. Rea has had 15 years of actual experience in the treatment and cure of all curable medical and surgical diseases of the Eye, Ear, Nose and Throat, Lung Diseases, Early Consumption, Bronchitis, Catarrh, Constitutional Catarrh, Nasal Catarrh, Dyspepsia, Sick Headache, Stomach and Bowel Troubles, Appendicitis, Rheumatism, Neuralgia, Sciatica, Bright's Disease, Diabetes, Kidney, Liver, Bladder, Prostate and Female Diseases, Dizziness, Nervousness, Indigestion, Obesity, Interrupted Nutrition, Slow Growth in Children, and all wasting diseases in Adults. Many cases of Deafness, Ringing in the Ears, Loss of Eyesight, Cataract, Cross Eyes, etc., that have been improperly treated can be easily restored. Deformities, Club Feet, Curvature of Spine, Disease of the Brain, Paralysis, Heart Disease, Dropsy, Swelling of the Limbs, Open Sores, Pain in the Bones, Granular Enlargements, and all long standing diseases properly treated. Failing Memory, weak eyes, started development, impoverished blood, 1 m. less blood and skin diseases, Eruptions, Hair Falling, Swelling Sore Throat, Ulcers, Weak back, burning Urine passing urine to often, etc., receive searching treatment as experienced in the line of modern medicine, and as adopted by America's most eminent specialists.

Cancers, Tumors, Gout, Festula, Piles, Varicose, Rupture and glands treated successfully with the hypodermic injection method. This is really one of the most scientific and surely effective plans of the 20th century. No incurable cases taken with a guarantee to cure. On consultation and examination to those interested, \$1.00.

**Dr. Rea & Co.**  
220 N. Collet Ave., Minneapolis, Minn.

## AS AN EXPERIMENT.

Hospital Ship to Be Commanded by a Naval Surgeon.

Washington, Dec. 28.—The orders assigning Surgeon Charles F. Stokes to the command of the hospital ship Relief are expected to be signed very soon, it having been definitely decided, according to Secretary Metcalf, to appoint him to that position. With this end in view every effort will be made to order a merchant crew and master for the vessel. Failing to man the Relief with a crew from the merchant marine, the enlisted force of the navy will be drawn on and a line officer assigned as captain, in which case he will have command. The scheme of having a medical officer command the Relief in the event a merchant crew is secured, is to have a trial for at least six months and if the experiment proves satisfactory then the expectation is that the assignment of a surgeon to command hospital ships will be a permanent feature of naval administration.

Admiral Brownson's relinquishment of his position as chief of the bureau of navigation will result in a considerable loss of pay to that officer. Being entirely without duty and relegated to the retired list, his income will be diminished in the first place by the loss of 25 per cent of the full pay of an admiral, namely, \$7,500 a year. He will no longer receive the allowance to an active officer of his grade of \$1,500 a year for quarters and \$500 a year for heat and light. It so happens, however, that Admiral Brownson is a man of independent means and able to disregard financial considerations in taking his stand as the champion of the line in the present battle with the staff.

Staff officers of the navy have discovered a precedent for placing one of their kind in command of a ship. The Civil war records show that Ninian Pinkney, a naval surgeon, was in absolute command for a considerable time of the Mississippi steamboat Red Rover while that vessel was employed as a hospital craft during the days of the war.

## STOCKS AND BONDS FOUND

Had Never Been Out of the Vaults of a California Company.

San Francisco, Dec. 28.—Stocks and bonds which are part of the missing Colton securities have been found. They never left the state of California; they never were out of the custody of the California Safe Deposit and Trust company, and in fact were found in the vaults of the depository. It was on account of these missing securities that J. Dalzell Brown and Attorney Walter Barnett were indicted. Thus a hunt which encircled the world, involving the principal banks of London and New York city and some of the largest interests in the world, has returned to its starting point, namely, the vaults of the California Safe Deposit and Trust company.

Custodian Cushing sent out a hurry call for Barclay Henley, the attorney who represents the contestants of the estates of Mrs. Ellen Colton, and Assistant District Attorney Hoffman Cook. Both identified the list of bonds and stocks which were found in the bank as part of the missing securities. Investigation showed that only a few stock certificates had been unearthed by Receiver Cushing. They were mostly shares of mining companies whose value is problematical. Cushing said that they did not appear to be negotiable.

It is now said that the finding of the stocks will have no effect on the prosecution of Brown and Barnett as they have not been accused of the embezzlement of the stocks just unearthed. The missing bonds, valued at \$205,000, have not yet been located.

## The Drama of London's Fog.

There is a whole world of drama bound up in the chronicles of London's fog. This misty and mysterious visitant, far older than Gog or Magog, which used to visit the watches of the night when the metropolis barely lifted itself out of the surrounding marshes, has a fund of comedy as well as tragedy. Countless murders have been committed under its sheltering cloak, men and women have been waylaid, children have been torn from their mothers and wives from their husbands, but on the other hand there are a few incidents of a less harrowing character. —Standard Magazine

## MANY CASES OF RHEUMATISM

This Dread and Painful Disease has Very Many Victims Here

SAID TO BE GOOD MEDICINE

This Simple Mixture Makes the Kidneys Take Out Poisons and Relieves Much Suffering

Thousands of men and women who have felt the sting and torture of this dread disease, which is no respecter of age, persons, sex, color or rank, will be interested to know that while for many years rheumatism was considered an incurable disease, now it is one of the easiest afflictions of the human body to conquer. Medical science has proven it not a distinct disease in itself, but a symptom caused by inactive kidneys. Rheumatism is uric acid in the blood and other waste products of the system which should be filtered and strained out in the form of urine. The function of the kidneys is to sift these poisons and acids out and keep the blood clean and pure. The kidneys, however, are of spongelike substance, the holes or pores of which will sometimes, either from overwork, cold or exposure become clogged and inactive, and failing in their function of eliminating these poisons from the blood, they remain in the veins, decompose and settling about the joints and muscles, cause the untold suffering and pain of rheumatism and backache, often producing complications of bladder and urinary disease, weakness, etc. The following simple prescription is said to relieve the worst cases of rheumatism because of its direct action upon the blood and kidneys, relieving, too, the most severe forms of bladder and urinary troubles: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Mix by shaking well in a bottle and take in teaspoonful doses after each meal and at bedtime. The ingredients can be had from any good prescription pharmacy, and are absolutely harmless and safe to use at any time.

## TESTIMONY ADMITTED.

Concerning Relations Between Orchard and Detective Sterling.

Boise, Ida., Dec. 28.—With the exception of the examination of one witness, the entire time in both sessions of the Pettibone trial was consumed in reading depositions taken by the defense in support of its theory that the explosion in the home of Fred Bradley at San Francisco was caused by a leak in the gas and not by a dynamite bomb placed under the mat on his doorstep, as testified to by Orchard. Peter Breen, the Butte attorney, who is assisting the defense, read the depositions.

The state objected to the introduction of the testimony of Miss Alice Fitzew concerning the relations between Orchard and Detective Sterling of the Mine Owners' association, but it was admitted. Judge Wood announced, however, that he would require that the proper connection be made before any further testimony on the alleged conspiracy could be given.

## WILL BE TAKEN TO COLORADO

Steve Adams to Again Be Tried on Murder Charge.

Spokane, Wash., Dec. 28.—Steve Adams, who has been tried twice for the murder of Fred Tyler, the last trial being held in Rathdrum last October, has been discharged and immediately rearrested by Sheriff Patrick of Tebular, Colo., for the murder of Arthur Collins in that city in 1904. He will be taken to Colorado at once.

## WEEKLY REVIEW OF TRADE

Industry Has Slackened, But Financial Situation Has Eased.

New York, Dec. 28.—Bradstreet's review of trade says trade as a whole has been quiet and industry has slackened perceptibly, but the financial situation has eased, except whereas in the case of New York large end of the year disbursements have to be provided for. Mild weather is still complained of as affecting retail trade in seasonable goods, such as clothing, shoes, rubber footwear and kindred lines. At some cities the usual January reduction sales were held in December, in many instances occurring before Christmas. Jobbing trade was quiet until after the latter date, when the usual clearance sales of wash and other dress fabrics were made, arousing a fair amount of interest. Wholesale business has been quiet and hoarse, this line and the jobbing trade note the receipt of many requests to delay shipment of goods. Industrial lines are quieter, a very general shutting down for the holidays being noted, and the textile trades, especially, have shown a tendency to further curtail. One item in this line has been the reported agreement of nearly 80 per cent of the New England cotton spindles to reduce or curtail production for the next sixty or ninety days.

## MORE BODIES FOUND.

Over Seventy Recovered From the Darr Mine.

Jacobs Creek, Pa., Dec. 28.—The Darr mine has yielded many more victims of the explosion of Dec. 19, seventy or more bodies having been brought to the surface in the past twenty-four hours. Rescuers are removing debris from entry No. 27, among which there is a great mass of bodies, those in view and those already brought out totalling over 200. The rescuers believe they are within reach of all of the bodies that will be recovered.

The disaster completely wiped out St. Mary's beneficial lodge, which had over 100 members, not a member being left to administer the affairs of the lodge.

## Many Organizations Meet.

Madison, Wis., Dec. 28.—Delegates to the number of about 300 are here from all parts of the United States to attend the sessions of the historic economic, political science, sociological and labor associations. The conventions will continue until Tuesday. The American Historical and the American Political Science associations held a joint meeting.

## Wisconsin Man Drowned.

Chicago, Dec. 28.—The body of a man believed from papers found in the clothing to be that of E. Hackner of La Crosse, Wis., was found floating in the lake. There were no marks of violence, and the police believe that the man's death was accidental.

## TELEGRAPHIC BREVITIES.

Major William Mayer, who for six years has been superintendent of the Carlisle Indian industrial school, has resigned.

The twenty-fourth Japanese diet has been formally opened, the emperor personally making the speech from the throne in the upper house.

The old Root homestead, "The Hemlocks," on College Hill, Clinton, N. Y., has been purchased by Secretary Root from Anna Day Root, widow of his brother.

Orlando G. Smith, president of the Western Shoe Jobbers' association and vice president of the National Shoe Jobbers' association, is dead at Chicago.

John Mitchell, president of the United Mine Workers of America, has left Indianapolis for Chicago, en route to Excelsior Springs, Mo. Mr. Mitchell is slowly recovering, but is still weak.

## MARKET QUOTATIONS.

Minneapolis, Dec. 27.—Wheat—May, \$1.12 1/4 @ 1.12 3/4; July, \$1.12 1/2 @ 1.12 3/4. On track—No. 1 hard, \$1.11; No. 1 Northern, \$1.09; No. 2 Northern, \$1.06 1/2; No. 3 Northern, \$1.02 @ 1.04.

St. Paul Union Stock Yards.

St. Paul, Dec. 27.—Cattle—Good to choice steers, \$5.00 @ 5.75; fair to good, \$3.25 @ 4.75; good to choice cows and heifers, \$3.00 @ 3.75; veals, \$3.75 @ 5.75. Hogs—\$4.30 @ 4.40. Sheep—Wethers, \$1.10 @ 1.30; good to choice lambs, \$5.50 @ 6.25.

Duluth Wheat and Flax.

Duluth, Dec. 27.—Wheat—To arrive and on track—No. 1 hard, \$1.10 1/4; No. 1 Northern, \$1.08 1/4; No. 2 Northern, \$1.06 1/4; Dec., \$1.07 1/4; May, \$1.13 1/4; July, \$1.14. In store—No. 1 Northern, \$1.07 1/4; No. 2 Northern, \$1.05 1/4. Flax—To arrive and on track, \$1.15 1/4; Dec., \$1.14 1/4; May, \$1.20 1/4; July, \$1.22.

Chicago Grain and Provisions.

## FREE TO YOU—MY SISTER

Free to You and Every Sister Suffering from Woman's Ailments.

I am a woman. I know woman's sufferings. I have found the cure. I will mail, free of any charge, my home treatment with full instructions to any sufferer from woman's ailments. I want to tell all women about this cure—your mother, your sister, your daughter, your friend, your neighbor. I want to tell you how to cure yourselves at home without the help of a doctor. Men cannot understand women's sufferings. What we women know from experience, we know better than any doctor. I know that my home treatment is a safe and sure cure for Leucorrhoea or White Discharges, Ulceration, Displacement or Falling of the Womb, Profuse, Scanty or Painful Periods, Uterine or Ovarian Tumors or Growths; also pains in the head, back and bowels, bearing down feelings, nervousness, creeping feeling up the spine, melancholy, desire to cry, hot flashes, weakness, kidney and bladder troubles where caused by weaknesses peculiar to our sex.

I want to send you a complete ten day's treatment entirely free to prove to you that you can cure yourself at home, easily, quickly and surely. Remember, that it will cost you nothing to give the treatment a complete trial; and if you should wish to continue, it will cost you only about 12 cents a week, or less than two cents a day. It will not interfere with your work or occupation. Just send me your name and address, tell me how you suffer if you wish, and I will send you the treatment for your case, entirely free, in plain wrapper, by return mail. I will also send you free of cost, my book—"WOMAN'S OWN MEDICAL ADVISER" with explanatory illustrations showing why women suffer, and how they can easily cure themselves at home. Every woman should have it, and learn to think for herself. Then when the doctor says, "You must have an operation," you can decide for yourself. Thousands of women have cured themselves with my home remedy. It cures all, old or young. To Mothers of Daughters, I will explain a simple home treatment which speedily and effectively cures Leucorrhoea, Green Sickness and Painful or Irregular Menstruation in Young Ladies. Plumpest and health always results from its use.

Wherever you live, I can refer you to ladies of your own locality who know and will gladly tell any sufferer that this Home Treatment really cures all women's diseases, and makes women well, strong, plump and robust. Just send me your address, and the free ten day's treatment is yours, absolutely free. Write to me as you may not see this offer again. Address

## Former Minister to Germany Dead.

Washington, Dec. 28.—John Chandler Bancroft Davis, for the past twenty-four years reporter for the United States supreme court, and formerly United States minister to Germany, is dead here. He was born in Worcester, Mass., Dec. 29, 1822. By profession Mr. Davis was a lawyer.

## KIDNEY, LIVER AND BOWELS

Sickness is next to impossible if you keep the Kidneys, Liver and Bowels in perfect working order with an occasional dose of

**Dr. A. W. Chase's Kidney-Liver Pills**

Mr. S. B. Holden, No. 28 1/2 Cass Ave., Grand Rapids, Mich., says: "I have for years been subject to sluggishness of the liver and constipation, the kidneys were also inactive and caused me a great deal of pain across my loins. I got some of Dr. A. W. Chase's Kidney-Liver Pills and they cured the inactivity of the organs rapidly and easily. I would not be without them. I will send a box at all dealers. Write for a free sample. Dr. A. W. Chase Medicine Co., Buffalo, N. Y."

**H. P. DUNN, Druggist**

## TRIAL IS VIRTUALLY OVER.

Signers of Viborg Manifesto Admit Charges Against Them.

St. Petersburg, Dec. 28.—The trial on charges of treason of the members of the first duma who signed the Viborg manifesto calling upon the citizens of Russia to stand up for their rights, is virtually over, the readiness of the defendants to admit the charges in the indictment of having signed and distributed the manifesto having greatly simplified the government's task and reduced the legal side of the case to a minimum by wholly eliminating the necessity of calling witnesses.

Arguments by the prosecution and the lawyers for the defense soon will be made. They will be confined to brief formalities. The developments at the trial have done much toward the vindication of the signers of the manifesto, and the powerful speeches made have driven away all misgivings, awakened warm public sentiment and infused the old time spirit in the ranks of the opposition.

The Constitutional Democrats are giving the proceedings of the court the widest circulation among the peasantry and taking advantage of the opportunity to openly discuss and defend the principles of passive resistance.

The session of the court was interrupted by a painful occurrence. M. Ranischwill, who was taken into custody last June, tried to address the court as the spokesman for the Social Democrats. Hardly had he begun speaking than he fainted from weakness and his body hung limply over the railing of the prisoners' pen. Ranischwill contracted consumption during his confinement. Since the commencement of the trial he has been brought to court from prison in a carriage every day.

## The Farmer's Wife

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every tainting or corrupting element. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all humors or diseases arising from bad blood.

If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing or distress in stomach, constipated or irregular bowels, sour or bitter risings after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid or lazy liver with the usual accompanying indigestion, or dyspepsia and their attendant derangements.

The best agents known to medical science for the cure of the above symptoms are Dr. R. V. Pierce's "Golden Medical Discovery." This is absolutely true will be readily proven to your satisfaction if you will but mail a postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for a free copy of his booklet of extracts from the standard medical authorities, giving the names of all the ingredients entering into his world-famed medicines and showing what the most eminent medical men of the age say of them.
